Work Zone Safety
A CT Road Master Program Required Workshop

In this workshop, participants will learn about Section 6 of the MUTCD (Manual on Uniform Traffic Control Devices) and proper temporary traffic control plans. Using the “Guidelines of Temporary Traffic Control in Work Zones” and table-top exercises, participants will work in groups to put concepts into practice. Proper flagging techniques will also be reviewed.

Who Should Attend

This program is designed for any state or local personnel who are involved in street and utility construction and maintenance on local roads.

Road Foremen, Crew Leaders, Highway Superintendents and Directors of Public Work are encouraged to attend.

Course Instructor

Adam R. Drummond, is the President of National Safety Services, LLC. He is responsible for the development and delivery of National Safety Services programs nationally, including environmental, health and safety training and has over 25 years experience in the safety training, consulting and products industry. Adam has designed more than 75 individual training programs for safety and environmental applications.

“Adam by far knows his stuff. Every class he does, he goes above and beyond.” - Road Master Program participant
