Concurrent Pedestrian Phasing & Leading Pedestrian Interval: A Roundtable Discussion
A CT Traffic Signal Academy Workshop

A Leading Pedestrian Interval (LPI) typically gives pedestrians a 3-7 second head start when entering an intersection with a corresponding green signal in the same direction of travel. It is for use with concurrent pedestrian phasing, where pedestrians cross with the parallel vehicle phase, and can reduce pedestrian-vehicle collisions by as much as 60%.

The roundtable discussion will provide details on the difference between exclusive and concurrent pedestrian phasing. Participants will also learn what a leading pedestrian interval is and how Connecticut communities are using the technology to enhance pedestrian safety at signalized intersections.

Representatives from municipalities, the CT Department of Transportation and consultants will share their experiences, lessons learned and how to get started.

Who Should Attend

This discussion is open to those who are responsible for making decisions regarding municipal and state traffic signal systems and those responsible for making decisions regarding the maintenance and operations of those systems.

Municipal and State traffic engineers and technicians are encouraged to attend.

Participants will receive 4 credit hours towards their CT Traffic Signal Champion designation.
Registration

- Please visit [www.t2center.uconn.edu](http://www.t2center.uconn.edu) to register for this class online.

- **Registration contact**: Please direct any questions to Regina Hackett at [regina.hackett@uconn.edu](mailto:regina.hackett@uconn.edu) or call (860) 486-6753

- **Free.** No registration fee is charged for this class. This training opportunity is offered by the Technology Transfer Center’s Connecticut Traffic Signal Academy.

- If you require an accommodation to participate in this workshop, please contact Regina Hackett at [regina.hackett@uconn.edu](mailto:regina.hackett@uconn.edu) or call (860) 486-6753, at the time of registration.

- Please advise if you have dietary restrictions.

- Photographs may be taken for promotional and training purposes. Please notify us during registration if you do not wish to be photographed.
