Large Mower Operation & Safety
A CT Road Master Program ELECTIVE Workshop

This program provides training on the best safety practices for industrial mower operator safety and will include both classroom instruction and a field exercise. We will stress the importance of maintaining equipment and having proper shields installed. Attendees will learn what to wear when operating mowers, the proper way to mount and dismount, and proper techniques for mowing on various terrains.

Who Should Attend
This course is designed for operators and foremen who cut grass on interstate highways and state and local road networks.

This class includes an outside equipment demonstration. Please wear comfortable shoes and dress appropriately for weather conditions.

Course Instructor
Bill Eyberse is the Lead Instructor of Signal 54 Training and has been teaching for the T2 Center since 2002. Bill has over 30 years experience in transportation. He conducts trainings across the region on operational safety and winter maintenance topics.

“It was nice to have a retired municipal/state worker teach a municipal/state class.” - Road Master Program participant

Dates & Locations
May 14, 2019
South Windsor, CT

May 15, 2019
Durham, CT

Session is 8:30am—12:30pm
