The Connecticut Transportation Institute’s Technology Transfer Center, established at the University of Connecticut’s School of Engineering in 1983, provides training, technical assistance and informational materials to Connecticut’s local governments on the planning, design, construction, maintenance, operation and management of roads, bridges and public transit.

The Technology Transfer Center is a cooperative effort of the Connecticut Department of Transportation, the Federal Highway Administration’s Local Technical Assistance Program (LTAP) and the University of Connecticut.

Environmental Best Practices for Your Public Works Facility:
A Mechanics' Roundtable Discussion
A Connecticut Road Master Program Elective Workshop

If mailing registration with payment, please be sure to also fax your registration to secure a space. Please direct any questions to: Shelly Desjardin at (860) 486-9373.

October 3, 2012
Rocky Hill, CT
8:30 a.m. — 1:30 p.m.
(Registration begins at 8:00 a.m.)
Lunch will be provided
Course Description:
This course will focus on key environmental regulations and guidelines for municipal highway garages. Technical experts will provide information and resources on best practices for meeting state and federal requirements. Pollution prevention opportunities will be presented to reduce the amount of regulations that towns must comply with while protecting employees from hazards.

A roundtable discussion will follow the presentations and will focus on the challenges that towns are facing in trying to comply with regulations and the programs and policies that can help.

Who Should Attend:
This program is designed for Mechanics, Fleet Managers, and other municipal and state personnel who are responsible for the management and maintenance of fleet and highway equipment facilities. Directors of Public Works, Highway Superintendents, Road Foremen and Crew Leaders are encouraged to attend.

Participants will be expected to actively participate in the discussion. Bring questions and comments about your department’s fleet related environmental practices and concerns.

Speakers:
Senior staff at the Connecticut Department of Energy and Environmental Protection (DEEP) will provide presentations on several key regulations and will be available to answer your questions.

Registration Fees
The registration fee for State and Municipal participants is $75.00; the registration fee for private sector participants is $150.00. The registration fee includes lunch and workshop handouts. Registration fees are due prior to the start of the workshop.

Participants from the Connecticut Department of Transportation must provide the ConnDOT workshop voucher number with the registration form and bring the original voucher to the workshop.

Refund Policy
The registration fee is refundable if notice of cancellation is received 48 hours prior to the start of the program. Registrants who are unable to attend and do not cancel in advance are subject to the registration fee. Substitutions may be made at any time. Please notify us of changes.

Registration
Registration is closed one week prior to the day of the workshop. Mail your form, fax your form to (860) 486-5718 or register online at www.t2center.uconn.edu/registration.php.

Please Note: We will be emailing travel directions and parking information prior to the training date. Please be sure to provide an email address on your registration.

Enrollment is Limited
Registrations will be accepted on a first-come first-served basis. Please register early for this workshop.
