Mail to: Technology Transfer Center
179 Middle Turnpike, Unit 5202
Storrs, CT 06269-5202

Fax to: (860) 486-5718, or register on-line at
www.t2center.uconn.edu/registration.php

If mailing registration with payment, please be sure to also fax your registration to secure a space. Please direct any questions to Shelly Desjardin at (860) 486-9373.

The Connecticut Transportation Institute's Technology Transfer Center, established at the University of Connecticut's School of Engineering in 1983, provides training, technical assistance and informational materials to Connecticut's local governments on the planning, design, construction, maintenance, operation and management of roads, bridges and public transit.

The Technology Transfer Center is a cooperative effort of the Connecticut Department of Transportation, the Federal Highway Administration's Local Technical Assistance Program (LTAP) and the University of Connecticut.

Geosynthetics

*A Connecticut Road Master Program
Elective Workshop*

April 28, 2009 — Windsor, CT
April 29, 2009 — Killingworth, CT
8:30 a.m. — 3:30 p.m.
(Lunch will be provided)

Course Description:

This course gives a brief overview of the history of geosynthetics, how they are made, the differences between the various products, the proper method of selecting a geosynthetic and their appropriate use and installation procedures.

Instructor:

John Hopkins has over 38 years experience in construction and maintenance on projects such as highways, bridges, automotive assembly plants, high-rise buildings and nuclear power plants. He has been providing on-site assistance and training programs to local transportation agencies for over 25 years. He has provided technical assistance and training both nationally and internationally and has been requested by the Federal Highway Administration and the National Highway Institute to serve as a consultant on developing training programs for local agencies. John presents the training in a straight forward manner from a practical perspective to all levels of agencies.

Who Should Attend:

This program is designed for any state or local personnel who are involved in construction and maintenance on local roads. Road Foremen, Crew Leaders, Highway Superintendents and Directors of Public Works are encouraged to attend.

Proposed Schedule:

8:00 AM	Registration
8:30 AM	Introduction and Morning Session: <ul style="list-style-type: none">- Definitions- Materials and Types
12:00 Noon	LUNCH (provided)
1:00 PM	Afternoon Session: <ul style="list-style-type: none">- Why use Geosynthetics- Applications and Functions in Road Maintenance
3:30 PM	Class Adjourns

Registration Fees

The registration fee for State and Municipal participants is **\$65.00**; the registration fee for private sector participants is **\$130.00**. The registration fee includes refreshments, lunch and workshop handouts.. Registration fees are due prior to the start of the workshop.

Participants from the Connecticut Department of Transportation must provide the ConnDOT workshop voucher number with the registration form and bring the original voucher to the workshop.

Refund Policy

The registration fee is refundable if notice of cancellation is received 48 hours prior to the start of the program. Registrants who are unable to attend and do not cancel in advance are subject to the registration fee.

Substitutions may be made at any time. Please notify us of changes.

Registration

Registration is closed one week prior to the day of the workshop. Please mail registration to address noted on the form or fax to (860) 486-5718.

You will receive a confirmation packet by mail containing travel directions and parking information prior to the training date.

Enrollment is Limited

Registrations will be accepted on a first-come first-served basis. Please register early for this workshop.
