The Effect of Winter Operations on Municipal Fleets: A Mechanics' Roundtable Discussion

*A Connecticut Road Master Program
Elective Workshop*

October 7, 2009
Cheshire, CT

8:30 a.m. — 1:30 p.m.
(Lunch will be provided)

Course Description:

The goal of this roundtable discussion will be to learn more about the different chemicals being used in winter operations across Connecticut and to find out the best ways to protect your equipment from corrosion and other deterioration.

Participants will be able to ask questions, share their own experiences and learn from each other as well as our technical expert.

Instructor:

Daren Crawford is the Director of New Business Development for Innovative Municipal Products, Inc (IMUS).

He has over 20 years of experience working in the snow and ice industry and has conducted extensive research in the area of agricultural de-icing products.

Who Should Attend:

This program is designed for municipal and state personnel who are responsible for the maintenance of winter operations equipment. Lead Mechanics, Fleet Managers, and those responsible for making decisions regarding winter operations procedures are encouraged to attend.
