Road Safety Assessments for Local Governments

This Program is being offered as:
A Road Scholar Elective Workshop or A Legal Traffic Authority Elective Workshop

March 15-16, 2011 – Thomaston, CT
March 17-18, 2011 – Waterford, CT
(These sessions are two days each)
Sessions are 8:30 AM – 4:00 PM  (Registration Opens 8:00 AM)
Lunch will be provided each day.

Training Objective: The Road Safety Assessments for Local Governments workshop is designed to introduce road safety assessments as an effective tool that can help to reduce injuries and fatalities on your road network. The workshop will help participants understand basic road safety assessment concepts, risk and safety and common issues. Participants will gain experience in conducting a road safety assessment. The workshop will also demonstrate that low cost safety improvements can be implemented quickly to reduce fatalities and severe crashes.

Who Should Attend: This course is designed for any local or state transportation or public safety professionals involved in making decisions regarding the safety of their road systems. Public Works Directors, Highway Superintendents, Town Engineers, Traffic Engineers, Chiefs of Police, Traffic Sergeants, and other law enforcement officials are encouraged to attend.

Sample of Topics Covered:
- What is a Road Safety Assessment (RSA)?
- Why and When Do We Need To Conduct RSAs?
- RSA Procedures
- Good Candidate Projects for RSAs
- Choosing Your RSA Team (skills & size)
- How to Conduct Good Field Reviews
- RSA Analysis
- Roles and Responsibilities of Your RSA Team
- Legal Liability
- Prioritizing and Mitigating Safety Issues

Our Instructor: Craig Allred is a Transportation Specialist with the Safety and Design Team of the FHWA Resource Center. He has instructed and/or presented in 54 states/territories/countries and has over thirty years of expertise in traffic safety; retiring as a Director for the Utah Department of Public Safety. Mr. Allred has a Bachelor’s degree in Psychology/Criminal Justice and is a member of several international and national safety committees. Mr. Allred serves as a lead for the FHWA Road Safety Audit/Assessment, Speed Management and Automated Enforcement Programs.
