Roundtable Discussion
Public Works Supervisors:
Breaking Through the Status Quo
A Transportation Leadership Program Elective Workshop

Thursday, September 11, 2014 8:30 a.m. — 12:30 p.m.  West Hartford, CT

This Roundtable will focus on challenges that supervisors and front line workers face in their crews as well as strategies for improving team effectiveness. Discussion will include examples from around the state of how some departments have been successful in improving their teams.

Our facilitator, Dr. Rockie Blunt, is president of Blunt Consulting Group, a Massachusetts-based firm that offers management and workplace communications training services to companies and organizations throughout New England. Rockie is also an adjunct instructor in continuing and career education at Assumption College.
