Please advise if you require special services or have dietary restrictions. Photographs may be taken for promotional and training purposes. Please notify us during registration if you do not wish to be photographed.

Mail to: Technology Transfer Center
179 Middle Turnpike, Unit 5202
Storrs, CT 06269-5202

Fax to: (860) 486-5718, or register on-line at
www.t2center.uconn.edu/registration.php

If mailing registration with payment, please be sure to also fax your registration to secure a space. Please direct any questions to Shelly Desjardin at (860) 486-9373.

The Connecticut Transportation Institute's Technology Transfer Center, established at the University of Connecticut's School of Engineering in 1983, provides training, technical assistance and informational materials to Connecticut's local governments on the planning, design, construction, maintenance, operation and management of roads, bridges and public transit.

The Technology Transfer Center is a cooperative effort of the Connecticut Department of Transportation, the Federal Highway Administration's Local Technical Assistance Program (LTAP) and the University of Connecticut.

Traffic Calming

*A Connecticut Road Scholar Program
Elective Workshop*

July 7, 2009 — Farmington, CT
July 8, 2009 — Colchester, CT

8:30 a.m. — 3:30 p.m.
(Lunch will be provided)

5.5 CM Credits Approved
for
AICP Certified Planners

Course Description:

Traffic Calming introduces an engineering tool whose primary purposes include addressing speed concerns and/or cut-through traffic on residential streets and enhancing opportunities for non-motorized street users.

This course is designed for the non-engineer and provides information that can help municipalities establish a rational traffic calming program for their roadways in addition to detailing specific traffic calming devices. It defines traffic calming, describes various traffic calming devices, outlines potential positive and negative impacts on a neighborhood and reviews a sample traffic calming program. It also investigates related issues, such as impacts of traffic calming devices on liability, roadway maintenance and emergency service.

Participants perform case studies; applying traffic calming measures to address traffic concerns.

Instructor:

Mark Hood, P.E. is a Senior Technology Transfer Specialist and Traffic Safety Engineer with Pennoni Consulting Engineers and the Pennsylvania LTAP Center. He has over 16 years of experience in Transportation Engineering and has been providing training and technical assistance on transportation safety and traffic engineering-related subjects to audiences around the country for the past ten years.

Who Should Attend:

This program is designed for any state and local personnel who receive complaints about speeding and cut-through traffic and want to respond appropriately to address these problems, including: Public Works Directors, Highway Superintendents, Road Foremen, Town Planners, Law Enforcement Personnel, Municipal Managers, and Elected Officials.

Tentative Agenda

- | | |
|------------|---|
| 8:00 a.m. | Registration and Refreshments |
| 8:30 a.m. | Introduction and Morning Session: <ul style="list-style-type: none">- Part I: Introduction- Part II: Traffic Calming Devices- Part III: Study and Approval Process |
| 12:00 Noon | LUNCH (provided) |

| 3:30 p.m. | Class Adjourns |

Registration Fees

The registration fee for State and Municipal participants is **\$75.00**; the registration fee for private sector participants is **\$150.00**. The registration fee includes refreshments, lunch and workshop handouts.. Registration fees are due prior to the start of the workshop.

Participants from the Connecticut Department of Transportation must provide the ConnDOT workshop voucher number with the registration form and bring the original voucher to the workshop.

Refund Policy

The registration fee is refundable if notice of cancellation is received 48 hours prior to the start of the program. Registrants who are unable to attend and do not cancel in advance are subject to the registration fee.

Substitutions may be made at any time. Please notify us of changes.

Registration

Registration is closed one week prior to the day of the workshop. Please mail registration to address noted on the form or fax to (860) 486-5718.

You will receive a confirmation packet by mail containing travel directions and parking information prior to the training date.

Enrollment is Limited

Registrations will be accepted on a first-come first-served basis. Please register early for this workshop.
