The Technology Transfer Center at the University of Connecticut is Connecticut’s Local Technical Assistance Program, one of 58 centers in the United States. Our mission is to foster a safe, efficient and environmentally sound surface transportation system by improving the skills and increasing the knowledge of the transportation workforce in Connecticut.

The Technology Transfer Center provides education and technical assistance to members of Connecticut’s Transportation and Public Safety community. The University of Connecticut is an Affirmative Action, Equal Opportunity institution. No state-appropriated funds were used to print this material.

For questions or information about our programs, please call 860-486-9373 or visit us online at: www.t2center.uconn.edu.
Course Description:
This course provides participants with the information they need to comply with the latest Connecticut Underground Storage Tank (UST) regulations. It includes what you need to know to stay in compliance and gives you direction on how to create your own inspection forms and conduct your own Class C training.

After the morning training session, participants will take the Class A/B Operator Exam.

Who Should Attend:
This program is designed for those municipal highway officials responsible for the operation and maintenance of Underground Storage Tanks (UST).

Fleet Managers, Directors of Public Works, Highway Superintendents and Foremen are encouraged to attend.

AGENDA
- 8:00 Registration
- 8:30 Training
- 12:00 Lunch
- 1:00 Class A/B Certification and Re-Certification Exam
- 2:30 Adjourn

EXAM DETAILS:
Successful completion of the exam provides Class A/B Operator certification.

The exam is open book and consists of 60 questions. Participants have 90 minutes to complete the exam. 75% of the questions must be answered correctly to pass and become certified.

Registration Fees
The registration fee for State and Municipal participants is $75.00; the registration fee for private sector participants is $150.00. The registration fee includes lunch and workshop handouts. Registration fees are due prior to the start of the workshop.

Participants from the Connecticut Department of Transportation must provide the ConnDOT workshop voucher number with the registration form and bring the original voucher to the workshop.

Refund Policy
The registration fee is refundable if notice of cancellation is received 48 hours prior to the start of the program. Registrants who are unable to attend and do not cancel in advance are subject to the registration fee. Substitutions may be made at any time. Please notify us of changes.

Registration
Registration is closed one week prior to day of the workshop. Mail your form, fax your form to (860) 486-5718 or register online at www.t2center.uconn.edu/registration.php.

Please Note: We will be emailing travel directions and parking information prior to the training date. Please be sure to provide an email address on your registration.

Enrollment is Limited
Registrations will be accepted on a first-come first-served basis. Please register early for this workshop.

Instructor:
Plato Doundoulakis is the principal scientist at Atlas Environmental. He has more than 30 years of experience in environmental and petroleum industry consulting. He is a certified Class A/B operator, a Licensed Environmental Professional and a Certified Hazard Materials Manager.

Atlas Environmental is an approved provider of UST operator certification training and has been managing UST system compliance since 1994.
