The Technology Transfer Center at the University of Connecticut is Connecticut’s Local Technical Assistance Program, one of 58 centers in the United States. Our mission is to foster a safe, efficient and environmentally sound surface transportation system by improving the skills and increasing the knowledge of the transportation workforce in Connecticut.

The Technology Transfer Center provides education and technical assistance to members of Connecticut’s Transportation and Public Safety community. The University of Connecticut is an Affirmative Action, Equal Opportunity institution. No state-appropriated funds were used to print this material.

For questions or information about our programs, please call 860-486-9373 or visit us online at: www.t2center.uconn.edu.

If mailing registration with payment, please be sure to also fax your registration to secure a space. Please direct any questions to: Shelly Desjardin at (860) 486-9373.

August 14, 2014
Farmington, CT
8:30 a.m. — 1:00 p.m.
(Registration begins at 8:00 a.m.)
Morning refreshments will be provided
**Course Description:**
The demand for alternative fuels is increasing and many communities are interested in adding alternative fuel vehicles to their fleets and providing fueling and charging stations as a service to their residents.

This discussion will focus on the experiences of CT municipalities that have been successful on this front. Experts from the CT Clean Cities Coalition and alternative fuel industry will also share information on how you can get started.

**Who Should Attend:**
This program is designed for municipal and state personnel who are responsible for fleet management and physical services.

Directors of Public Works, Highway Superintendents, Fleet Managers and Municipal Leaders are encouraged to attend.

**Registration Fees**
The registration fee for State and Municipal participants is $75.00; the registration fee for private sector participants is $150.00. The registration fee includes morning refreshments and workshop handouts. Registration fees are due prior to the start of the workshop.

Participants from the Connecticut Department of Transportation must provide the ConnDOT workshop voucher number with the registration form and bring the original voucher to the workshop.

**Refund Policy**
The registration fee is refundable if notice of cancellation is received 48 hours prior to the start of the program. Registrants who are unable to attend and do not cancel in advance are subject to the registration fee.

Substitutions may be made at any time. Please notify us of changes.

**Registration**
Registration is closed one week prior to day of workshop. Mail your form, fax your form to (860) 486-5718 or register online at [www.t2center.uconn.edu/registration.php](http://www.t2center.uconn.edu/registration.php).

**Please Note:** We will be emailing travel directions and parking information prior to the training date. **Please be sure to provide an email address on your registration.**

**Enrollment is Limited**
Registrations will be accepted on a first-come first-served basis. Please register early for this workshop.

**Presenters:**
Our facilitator will be Kevin Munson, Supervisor of Traffic Operations and Fleet Manager for the City of Meriden. The City of Meriden has a CNG fueling station and is researching a shared-use facility. He will be joined by Daniel Pennington, Director of Physical Services and Town Engineer for the Town of Glastonbury as well as representatives from the Connecticut Clean Cities Coalition and industry experts who will provide information on how to bring alternative fuels to your community.
