Who Should Attend:
This program is designed for all municipal personnel who serve in the capacity of Legal Traffic Authority or those designated to act as their liaison with the community.

Roundtable Discussion Description:
Legal Traffic Authorities in Connecticut are responsible for establishing traffic regulations and authorizing the installation of traffic control devices in their cities and towns. With ever changing regulations and a commitment to appropriately address citizen concerns, this role can become increasingly difficult.

This roundtable discussion will bring together municipal personnel who serve in the capacity of legal traffic authorities to discuss those issues that are most challenging and to share ideas for successfully fulfilling your traffic safety responsibilities.

Each participant will submit a question or area of concern to be discussed and will be expected to participate in the discussion.

Representatives from the Connecticut State Traffic Commission will be on hand to help answer questions.
