The Technology Transfer Center at the University of Connecticut is Connecticut’s Local Technical Assistance Program, one of 58 centers in the United States. Our mission is to foster a safe, efficient and environmentally sound surface transportation system by improving the skills and increasing the knowledge of the transportation workforce in Connecticut.

The Technology Transfer Center provides education and technical assistance to members of Connecticut’s Transportation and Public Safety community. The University of Connecticut is an Affirmative Action, Equal Opportunity institution. No state-appropriated funds were used to print this material.

For questions or information about our programs, please call 860-486-9373 or visit us online at: www.t2center.uconn.edu.
**Instructor:**

Mark Hood, P.E. is a Senior Technology Transfer Specialist and Traffic Safety Engineer with Pennoni Consulting Engineers and the Pennsylvania LTAP Center. He has over 20 years of experience in Transportation Engineering and has been providing training and technical assistance on transportation safety and traffic engineering-related subjects to audiences around the country for the past sixteen (16) years.

---

**Course Description:**

This class is designed to provide non-engineers with an understanding of what causes traffic and road safety issues and the tools available for collecting information, analyzing data and resolving issues. Class exercises will provide an opportunity for participants to apply the information presented to real life situations.

---

**Who Should Attend:**

This program is designed for all municipal personnel who serve in the capacity of their municipality’s legal traffic authority and others who have an interest or involvement in municipal traffic safety and traffic control.

---

**Registration Fees**

The registration fee for State and Municipal participants is **$75.00**; the registration fee for private sector participants is **$150.00**. The registration fee includes lunch and workshop handouts. Registration fees are due prior to the start of the workshop.

Participants from the Connecticut Department of Transportation must provide the ConnDOT workshop voucher number with the registration form and bring the original voucher to the workshop.

---

**Refund Policy**

The registration fee is refundable if notice of cancellation is received 48 hours prior to the start of the program. Registrants who are unable to attend and do not cancel in advance are subject to the registration fee. Substitutions may be made at any time. Please notify us of changes.

---

**Registration**

Registration is closed one week prior to day of workshop. Mail your form, fax your form to (860) 486-5718 or register online at [www.t2center.uconn.edu/registration.php](http://www.t2center.uconn.edu/registration.php).

---

**Please Note:** We will be emailing travel directions and parking information prior to the training date. **Please be sure to provide an email address on your registration.**

---

**Enrollment is Limited**

Registrations will be accepted on a first-come first-served basis. Please register early for this workshop.

---

**Learning Objectives**

At the end of this session, participants will be able to:

- Understand basic concepts, principles and techniques for evaluating traffic issues
- Develop reasonable alternative solutions for addressing local traffic problems
- Practice completing exercises to perform common municipal engineering and traffic studies using real data
- Communicate more effectively with traffic safety experts
