The Connecticut Transportation Institute’s Technology Transfer Center, established at the University of Connecticut’s School of Engineering in 1983, provides training, technical assistance and informational materials to Connecticut’s local governments on the planning, design, construction, maintenance, operation and management of roads, bridges and public transit.

The Technology Transfer Center is a cooperative effort of the Connecticut Department of Transportation, the Federal Highway Administration’s Local Technical Assistance Program (LTAP) and the University of Connecticut.

June 27, 2013 — Storrs, CT
June 28, 2013 — Storrs, CT
8:30 - 3:30 p.m.
(Registration begins at 8:00 a.m.)
(Lunch will be provided)
Course Description:
This course focuses on providing information on the fundamental concepts of surveying and is designed for those with limited or no surveying experience.

It pays special attention to the details of horizontal and vertical measures with several hands-on exercises demonstrating elevation transfers, slope calculations and pipe laying.

Instructor:
Our instructor is David Smith, P.E. David has been a Professional Engineer since 1988 and a Licensed Land Surveyor since 1992. He has a BS in Natural Resources Conservation and an MS in Civil Engineering from the University of Connecticut. David was the Director of Public Works for the Town of Tolland for 11 years and the Town Engineer and Director of Community Development for 8 years prior to that. David is currently in private practice providing Civil/Environmental Engineering and Land Surveying services to private and public clients in North Central and North Eastern Connecticut.

Who Should Attend:
This program is designed for Local Highway Officials, Street Supervisors, Road Foremen, Construction Supervisors and others interested in learning the fundamental concepts of surveying.

Learning Objectives
At the end of this session, participants will be able to:
- Describe basic surveying tools and techniques
- Understand how to read surveying data
- Know how to measure vertical and horizontal distances
- Know how to calculate the slope and grades of culverts and roads

Please bring a pencil, notepad and basic calculator.

Please Note: We will be emailing travel directions and parking information prior to the training date. Please be sure to provide an email address on your registration.

CLASS SIZE IS EXTREMELY LIMITED PLEASE REGISTER EARLY

Registration Fees
The registration fee for State and Municipal participants is $75.00; the registration fee for private sector participants is $150.00. The registration fee includes lunch and workshop handouts. Registration fees are due prior to the start of the workshop.

Participants from the Connecticut Department of Transportation must provide the ConnDOT workshop voucher number with the registration form and bring the original voucher to the workshop.

Refund Policy
The registration fee is refundable if notice of cancellation is received 48 hours prior to the start of the program. Registrants who are unable to attend and do not cancel in advance are subject to the registration fee.

Substitutions may be made at any time. Please notify us of changes.

Registration
Registration is closed one week prior to the day of the workshop. Mail your form, fax your form to (860) 486-5718 or register online at www.t2center.uconn.edu/registration.php.

Please Note: We will be emailing travel directions and parking information prior to the training date. Please be sure to provide an email address on your registration.

Enrollment is Limited
Registrations will be accepted on a first-come first-served basis. Please register early for this workshop.
