Infrastructure Asset Management

A Connecticut Road Scholar Required Workshop

8:30 a.m. – 3:00 p.m.
(Registration begins at 8:00 a.m.)

Wednesday, July 11, 2007 – Rocky Hill, CT
Thursday, July 12, 2007 – Torrington, CT

This workshop is designed to provide an overview of the complexity of managing the many assets of a municipal government. The intended audience is public works directors, highway superintendents, foremen and others who are responsible for managing public works assets.

TOPICS WILL INCLUDE:

- The importance of developing an infrastructure asset management program in your agency
- Specific asset management areas:
  - Pavements
  - Signs
  - Drainage
- How an asset management program can be a tool to help in budget planning

Our instructor is Paul Brown, Director of Snow and Ice Operations for MassHighway. Paul teaches classes across the country relating to road maintenance and road building and was a consultant for municipal and state agencies for the last 15 years prior to working for MassHighway.
REGISTRATION – Infrastructure Asset Management

Please note: This course is being offered as part of the Road Scholar Certificate Program and enrollment preference will be given to those who are working towards their certificates.

I will attend:  

___ July 11, 2007  Rocky Hill, CT  

___ July 12, 2007  Torrington, CT
