The Connecticut Transportation Institute's Technology Transfer Center, established at the University of Connecticut's School of Engineering in 1983, provides training, technical assistance, and informational materials to Connecticut's local governments on the planning, design, construction, maintenance, operation, and management of roads, bridges, and public transit.

The Technology Transfer Center is a cooperative effort of the Connecticut Department of Transportation, the Federal Highway Administration's Local Technical Assistance Program (LTAP) and the University of Connecticut. For information on our services, call 860-486-5400 or visit us online at www.t2center.uconn.edu.

Maintenance of a Gravel Road

October 28, 2008
Bethel, CT

Learning Objectives

In this workshop participants will learn:

- ◆ Basics of drainage including crowns, ditches and culverts
- ◆ Blading the surface
- ◆ Grading out bad spots in the road
- ◆ Spreading new material
- ◆ The application of geotextiles to correct problematic spots

This workshop is designed to help you manage gravel road problems. The solutions offered include proper maintenance techniques and long term improvements.

Who should attend?

This class is designed for Directors of Public Works, Highway Superintendents, Foreman and Road Crew Members. Any municipal employee who works on or is responsible for the maintenance of gravel roads is encouraged to attend.

Instructor

John Hopkins has over 38 years experience in construction and maintenance on projects such as highways, bridges, automotive assembly plants, high-rise buildings and nuclear power plants. He has been providing on-site assistance and training programs to local transportation agencies for over 25 years. He has provided technical assistance and training both nationally and internationally. He has been requested by the Federal Highway Administration and the National Highway Institute to serve as a consultant on developing training programs for local agencies each year since 1982. He presents the training in a straightforward manner to all levels of agencies.

Tentative Schedule:

- 8:00 AM *Registration and Refreshments*
- 8:30 AM ***Introduction and Morning Session:***
-- Establishing crowns
-- Importance of drainage
-- Roadway materials
- 12:00 Noon ***LUNCH (provided)***
- 1:00 PM ***Afternoon Session:***

-- Additives and innovations
-- Wrap-up
- 3:30 PM ***Class Adjourns***

Contact the Technology Transfer Center
at (860) 486-5400
if you have any questions.

Registration Fees

The registration fee for State and Municipal participants is **\$65.00**; the registration fee for private sector participants is **\$130.00**. The registration fee includes refreshments, lunch, and workshop handouts. Registration fees are due prior to the start of the workshop.

Participants from the Connecticut Department of Transportation must provide the ConnDOT workshop voucher number with the registration form and bring the original voucher to the workshop.

Refund Policy

The registration fee is refundable if notice of cancellation is received 48 hours prior to the start of the program. Registrants who are unable to attend and do not cancel in advance are subject to the registration fee. Substitutions may be made at any time. Please notify us of changes.

Registration

Registration is closed one week prior to day of workshop. Detach and mail form, or fax the form to (860) 486-5718. *You will receive a confirmation packet containing travel directions and parking information.*

Enrollment is Limited

Registrations will be accepted on a first-come first-serve basis. Please register early for this workshop.
