Road Safety Assessments for Local Governments

This class will provide participants with the skills necessary to assemble a Road Safety Assessment (RSA) team, complete an RSA and prioritize and mitigate safety issues RSAs may uncover. This Training Opportunity is offered by the T2 Center’s Connecticut Safety Academy.

Who Should Attend

This class is designed for any local or state transportation or public safety professionals involved in making decisions regarding the safety of their road systems. Public Works Directors, Highway Superintendents, Town Engineers, Traffic Engineers, Traffic Officers and Supervisors, Police Chiefs, and other law enforcement officers and officials are encouraged to attend.

Please make sure to bring a safety vest to the training for the field exercises.
