Confined Space Entry Training

The Connecticut Transportation Institute’s Technology Transfer Center, established at the University of Connecticut’s School of Engineering in 1983, provides training, technical assistance and informational materials to Connecticut’s local governments on the planning, design, construction, maintenance, operation and management of roads, bridges and public transit.

The Technology Transfer Center is a cooperative effort of the Connecticut Department of Transportation, the Federal Highway Administration’s Local Technical Assistance Program (LTAP) and the University of Connecticut.

November 6, 2013 - Farmington
8:30 a.m. — 3:30 p.m.
(Registration begins at 8:00 a.m.)
(Lunch will be provided)
Course Description:

Confined spaces present particular hazards to those that have to maintain them. Employees should be aware of the associated hazards and should be educated on procedures for safe entry, the equipment that is available to assist them and the consequences of exposure. This class provides information on confined space hazards, best practices and those procedures required to keep employees safe.

It is a must for any supervisor who has crews working in confined spaces, such as manholes, catch basins and excavations deeper than four feet.

Who Should Attend:

This course is designed for those individuals who are required to enter confined spaces and for those that are responsible for their safety.

Directors of Public Works, Highway Superintendents, Crew Leaders and other Supervisors are encouraged to attend.

Instructor:

Adam R. Drummond is the President of National Safety Services, LLC. He is responsible for the development and delivery of National Safety Services programs nationally, including environmental, health and safety training and has over 20 years experience in the safety training, consulting and products industry. Mr. Drummond has designed more than 75 individual training programs for safety and environmental applications.

Course Learning Objectives

Upon successful completion of training, participants will be able to demonstrate an understanding of:

- The difference between permit-required and non-permit-required confined spaces;
- Entry procedures, including duties of each individual and/or team;
- Entry hazards, including information on mode, signs or symptoms and consequences of exposure;
- The equipment used for confined space entry, including PPE, ventilation devices, atmospheric testing devices, etc.

Registration Fees

The registration fee for State and Municipal participants is $75.00; the registration fee for private sector participants is $150.00. The registration fee includes refreshments, lunch and workshop handouts. Registration fees are due prior to the start of the workshop.

Participants from the Connecticut Department of Transportation must provide the ConnDOT workshop voucher number with the registration form and bring the original voucher to the workshop.

Refund Policy:

The registration fee is refundable if notice of cancellation is received 48 hours prior to the start of the program. Registrants who are unable to attend and do not cancel in advance are subject to the registration fee.

Substitutions may be made at any time. Please notify us of changes.

Registration:

Registration is closed one week prior to the day of the workshop. Mail your form, fax your form to (860) 486-5718 or register online at www.t2center.uconn.edu/registration.php.

Please Note: We will be emailing travel directions and parking information prior to the training date. Please be sure to provide an email address on your registration.

Enrollment is Limited:

Registrations will be accepted on a first-come first-served basis. Please register early for this workshop.
