Pavement Management Boot Camp
Paving the Way to a Successful Maintenance Program

A CT Road Scholar Program ELECTIVE Workshop

Towns are faced with difficult decisions on how to best maintain their most valuable asset; their roadway network. Tough winters, utility companies, public perception and political bias make it nearly impossible for decision-makers to step back and look at the big picture when deciding which roadways to prioritize for repairs. This one-day training program has been designed to step participants through the process of what a pavement management program can do to help make these decisions and how a program is developed. Participants will move step by step from setting up a roadway database to forecasting roadway conditions for years to come and everything in between. You will get the opportunity to rate roadways in the field and ask questions of experienced pavement inspectors.

Who Should Attend
This program is designed for those responsible for assessing the condition of their roadways. Highway Superintendents, Foremen, engineering staff and Public Works Directors are encouraged to attend.

Course Instructors
Our instructors are Tony Garro, Conrad Leger and Art Baker. Tony, Vice President and Project Manager for Beta Group, has over 20 years of experience and specializes in the fields of GIS, Asset Management and Transportation Planning. Conrad Leger is the Asset Management Coordinator for Beta Group and has several years of experience in asset management, including assessing and costing roadway projects. Art Baker, Regional Manager of SealCoating Inc., has over 15 years of experience in municipal public works management and is passionate about pavement preservation and applying its concepts to municipal budgets to maximize the useful life of pavements while reducing life cycle costs.

Registration
- Please visit www.t2center.uconn.edu to register for this class online.
- Registration contact: Please direct any questions to Lisa Knight @ (860) 486-4396.
- Cost (includes course materials and lunch)
  - $75- State and Municipal participants
  - $150- Private-sector participants

Please register early.
