A Roundtable Discussion on Stormwater Permit Updates

A CT ROAD SCHOLAR PROGRAM ELECTIVE WORKSHOP

The goal of this roundtable discussion is to bring together municipal public works representatives and technical experts from the Department of Energy and Environmental Protection to discuss updates to Stormwater permitting and the resulting impacts to public works departments.

Who Should Attend
This program is designed for individuals who are responsible for municipal storm water management. Town Engineers, Directors of Public Works, Road Foremen, Crew Leaders and Highway Superintendents are encouraged to attend.

Course Instructor
Our presenter, Chris Stone, Stormwater Permit Engineer with the Department of Energy and Environmental Protection, has extensive knowledge of stormwater management practices and years of experience in working with the towns and cities of Connecticut in developing their stormwater management programs.
