Mail to: Technology Transfer Center  
270 Middle Turnpike, Unit 5202  
Storrs, CT 06269-5202

Fax to: (860) 486-5718, or register on-line at www.t2center.uconn.edu/registration.php

If mailing registration with payment, please be sure to also fax your registration to secure a space. Please direct any questions to Shelly Desjardin at (860) 486-9373.

The Technology Transfer Center at the University of Connecticut is Connecticut’s Local Technical Assistance Program, one of 58 centers in the United States. Our mission is to foster a safe, efficient and environmentally sound surface transportation system by improving the skills and increasing the knowledge of the transportation workforce in Connecticut.

The Technology Transfer Center provides education and technical assistance to members of Connecticut’s Transportation and Public Safety community. The University of Connecticut is an Affirmative Action, Equal Opportunity institution. No state-appropriated funds were used to print this material.

For questions or information about our programs, please call 860-486-9373 or visit us online at: www.t2center.uconn.edu.
**Course Description:**
Municipalities across the country are having great success in utilizing traffic calming principles and tools to reduce speeds in their residential neighborhoods and increase roadway safety throughout their communities. This course will provide information on speed management programs, traffic calming principles and how to use these tools to reduce speeds in residential neighborhoods.

**Instructors:**
Dr. Michael Knodler is an Associate Professor in the Transportation Engineering Program at UMASS -Amherst. In addition, he is Director of the Massachusetts Traffic Safety Research Program (UMassSAFE). His main areas of research are related to traffic safety, operations and design and he teaches classes in these same areas.

Dr. Daniel Dulaski is a licensed professional engineer in Massachusetts. He has over 20 years of experience in reviewing, designing and managing infrastructure improvement projects; many of which included several traffic calming elements. Dr. Dulaski has created and presented many workshops and short courses for municipalities and agencies in New England.

**Who Should Attend:**
This program is designed for those state and local personnel responsible for roadway safety and responding to complaints about speeding in their communities.

Public Works Directors, Highway Superintendents, Town Engineers, Chiefs of Police, Traffic Sergeants, Municipal Managers and Elected Officials are encouraged to attend.

**Learning Objectives**
At the end of this session, participants will be able to:
- Describe the components of a Speed Management Program
- Understand the importance of integrating traffic calming into agency policies and plans
- Identify those criteria used in choosing appropriate traffic calming devices
- List several traffic calming measures that have been proven to reduce speeds

**Registration Fees**
The registration fee for State and Municipal participants is $75.00; the registration fee for private sector participants is $150.00. The registration fee includes lunch and workshop handouts. Registration fees are due prior to the start of the workshop.

Participants from the Connecticut Department of Transportation must provide the ConnDOT workshop voucher number with the registration form and bring the original voucher to the workshop.

**Refund Policy**
The registration fee is refundable if notice of cancellation is received 48 hours prior to the start of the program. Registrants who are unable to attend and do not cancel in advance are subject to the registration fee.

Substitutions may be made at any time. Please notify us of changes.

**Registration**
Registration is closed one week prior to day of workshop. Mail your form, fax your form to (860) 486-5718 or register online at [www.t2center.uconn.edu/registration.php](http://www.t2center.uconn.edu/registration.php).

**Please Note:** We will be emailing travel directions and parking information prior to the training date. Please be sure to provide an email address on your registration.

**Enrollment is Limited**
Registrations will be accepted on a first-come first-served basis. Please register early for this workshop.
